October 10-12, 2008**

EGYPTIAN AND KASKASKIA 2008 FALL FUN WITH SON

Once again it is time for the Halloween themed Fall Fun with Son "THE HAUNTING OF PINE RIDGE HALLOW" to be held at Pine Ridge Scout Camp. We will be offering 2 weekends again this year. The dates are Friday, October 3 – Sunday, October 5, and Friday, October 10 – Sunday, October 12, 2008. The Fall Fun with Son activities start Saturday morning with a flag raising at 8:45 a.m. The day will end with an outdoor Frightfully Fun Walk through the *new* HAUNTED HALLOW.

* **AGAIN THIS YEAR!** We will be having a Webelos Program. Learn all about Wilderness Survival. You will be camping, cooking, and learning all about Wilderness Survival during the day and then you may participate in the Haunted Forest in the evening.

You may camp on Friday night and Saturday night, but you must include camping on your registration form. Or, you can just take part in the Saturday activities. The camp is open to all Cub Scouts from Tiger Cubs through Webelos. We will be limiting the number of participants to 150 Cubs and 50 Webelos each weekend so you must get your reservation in as soon as possible so you don't get left out. You may choose which weekend you would like to come to and we will try to honor your request. However, if a weekend fills up, you will be put on the other weekend if it is not already full. We will contact you if you did not get your first choice. Be sure to leave a contact number when you make your reservation.

You may ask yourself, what do I need to bring? An absolute must is your Scouting Spirit!!!! If you are planning to camp, you need to bring your own tents and personal gear, as well as your food and cooking equipment. If you are only planning to stay during the day on Sat., bring a sack lunch or gear for cooking. For those of you that have never been to Pine Ridge Scout Camp, you need to know that this is a primitive, rustic camp. All camping is for tents only. Flush toilets are few. Even though we have ordered nice weather for both weekends, be prepared for any type of weather. Gear may have to be carried in or hauled in by camp staff, so pack accordingly. The Camp Ranger will make decisions regarding whether or not campers may truck their own gear in. A good idea for any outdoor activity is to be prepared for rain and be prepared for walking. There will be absolutely no vehicles permitted in camp during the day's activities.

The fee for 2008 FUN WITH SON is \$6.00. This fee covers the costs of programming and a patch especially designed for the event. You may also order a t-shirt. T-shirts must be pre-ordered. There will not be any for sale on the day of the event. The t-shirts will be distributed when you sign in. Please check in at the Front Lodge when you arrive at camp so that you may be given camp-site assignments, schedules, and t-shirts. The registration form and t-shirt order form are included with this flyer.
