

## LEADER OUTDOOR EXPERIENCE

Please plan to arrive at the training site on or before the published time. Please bring a snack to share with the other participants during our Crackerbarrel; a gathering of people for fellowship and fun. **This is a 24 hour program and requires you to be present the entire 24 hours to be trained.** We will provide for your meals during the training, program materials, tent for the night, demonstration materials, and a recognition emblem upon completion of the course.

Upon arrival, we will assign you to a den. Our policy has been to separate leaders from the same unit. You will not be able to stay in the same tent as the other leader, so do not plan to share items. This will allow you to meet more people and the opportunity to learn more new ideas.

The tents provided are two-person 7 x 9 wall tents exactly like those used during Webelos Summer camp. We want you to be familiar with them. These tents do not have a floor so a ground cloth or piece of plastic to put under your things. You may bring a cot, a mattress, or a waterbed, but remember...you'll have to carry it.

Listed below are the items you will need to bring with you for the Overnight Training:

- Daypack or Backpack to carry water and rain coat
- Sleeping Bag w/sleeping pad (Cots enhance comfort and are not provided)
- Ground Cloth (A piece of plastic works best)
- Pillow (if desired)
- Personal clothing (including complete uniform)
- Comfortable Shoes (Shoes will get wet from the dew)
- Poncho or rain coat
- Warm Coat and Clothing
- Insect Repellent
- Flashlight (with fresh batteries)
- Note Pad W/Pen or Pencil
- Hat or Sock Hat
- Snack to share for Friday Night Crackerbarrel
- Camp Stool or Chair, Optional

As you are planning remember that Missouri sometimes has very changeable weather. Come prepared for a cold or warm and wet or dry weekend since we will be spending 90% of our time out-of doors.

If you have any questions please contact Training Services at the Greater St Louis Office at 361-0600 or 1(800) 392-0895 x3126
